

EQUIPPING CAMBODIA

2025

Mission 25 exists to bring education, community development, discipleship, clean water, and human trafficking prevention to the 25 provinces of Cambodia. We accomplish this goal through partnerships with the local church in both the United States and Cambodia.

In the 11 years Mission 25 has been working in Cambodia, three needs have remained constant despite the immense development that has occurred in that time.

- **Education**
- **Medical Care**
- **The Equipping of Pastors & Leaders to reach Cambodia for Christ.**

Cambodia is situated directly in the 10/40 window, which means it has great needs and great opportunities.

Mission 25 is planning a team trip to address the above 3 needs and create a pathway to seeing the Gospel spread throughout the 25 provinces of Cambodia.

EQUIPPING CAMBODIA

The Trip

In the 11 years Mission 25 has been working in Cambodia, three needs have remained constant despite the immense development that has occurred in that time.

- **Education**
- **Medical Care**
- **The Equipping of Pastors & Leaders to reach Cambodia for Christ.**

Cambodia is situated directly in the 10/40 window, which means it has great needs but also great opportunities.

Mission 25 is planning a team trip to address the above 3 needs and create a pathway to seeing the Gospel spread throughout the 25 provinces of Cambodia.

We need to meet a **\$10,000** event, food, and administrative budget to complete this task.

The budget breakdown is below and allows M25 to effectively plan two conference and clinical events to teach, equip, and lead over 500 students, teachers, medical professionals, and pastors, equipping them to reach thousands of people for Christ

EQUIPPING CAMBODIA

The Trip

EQUIPPING CAMBODIA 2025

The Equipping Cambodia initiative will include 2 events, one in the capital city of Phnom Penh and one in the province of Battambang. The event will include the following:

- **Medical**

intensive training for doctors, nurses, and students clinics & first aid training

- **Education**

intensive training for current teachers, administrators, and university students focusing on education.

- **Pastoral**

Current expat & indigenous pastors. The gathering would be centered around unity within the Cambodian church and building disciples that can change their communities. There will be a time for relationship building, Q & A, and conversation

The Team

EQUIPPING CAMBODIA 2025

Equipping Cambodia, led by Mission 25 founders Sam and Erin Oginsky and a team of Cambodian Nationals and Expatriates, will feature three well-trained and experienced leaders.

1. **Dr. Stephen Swymer:** Stephen has been involved with education since 1973, including teaching, administration, and training. Since retirement, he has dedicated his life to training educators worldwide, including in some of the most challenging places, such as Iraq, Afghanistan, and Ukraine. Dr. Swymer will bring a unique and Christ-centered focus to his educator training, making teachers in Cambodia both well-trained and followers of Christ. The fruit of having this high-caliber of teachers is unknown but has incredible potential.
2. **Dr. Keith Christmon:** a highly respected Sports Medicine Doctor and Internist from Troy, Michigan, is a valuable addition to our team. His practical experience was evident during our 2024 medical mission, where he played a key role in planning and executing seven clinics across three provinces. His passion for Jesus and missions is palpable. For more about Dr. Keith, visit <https://premiermd.com/meet-our-team/>.
3. **Pastor Cal Garcia:** Pastor Cal has been the senior pastor of Auburn Hills Christian Center since 2003. AHCC is a culturally diverse church located in Michigan. Pastor Cal is incredibly passionate about discipleship, unity, and teaching the Word in a way that transforms lives. He desires to "make disciples who reach their community and shape the culture." Pastor Cal's heart for unity will assist in bringing the church in Cambodia together, which is desperately needed.
